**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Make your offer to the Creator to start this new cycle, which will be marked by new tests and greater definitions.

This new cycle will forge spiritual maturity, faith and responsibility within you, not only for your life, but for all life on Earth. Each decision you make, each action you experience, each word you pronounce, everything will be like ink on the paper of a painting of the end of times, and will have an influence on what the planet and humanity will experience in the time to come.

Each day will be an announcement of the next, and they will be built by you, because it is not enough to say "yes" to God, child; you must conform to your responses to the Highest.

Each day the laws will move with greater precision, and everything that you do will have an influence on your life, both positively as well as negatively, according to your choices and your attitude in the face of the events.

So, keep your heart in peace, seek a life of service, of prayer, being considerate of your fellow being, and not resisting in the face of the challenges that the Father places on your path.

Pray, pray a lot, each time concentrating your heart more on the Supreme Source that is God. And so, My child, you will be sustained in the good and in peace.

Your Father and Friend,

The Most Chaste Saint Joseph
