SPECIAL MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN MALDONADO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE 87TH MARATHON OF DIVINE MERCY

In the name of the Father, the Son and the Holy Spirit. Amen.

Today, with the wind and the ocean waves, I come here, crossing the portals of the universe so that I may penetrate in the human consciousness its spiritual aspect..

Today, I bring to all the deep pain of My Heart before the situation of the planet and humanity.

Although I Am in the universe and the Hierarchy is working to relieve the situation of the world, My Eyes do not cease to look at what is happening, what no one can yet see in-depth, to understand the meaning of why it happens.

On this day, I come from Heaven to ask you again to pray for the refugees, especially for those who try to survive and find a destiny, a promised land, crossing many oceans. Many of them do not reach the end goal, they do not reach the destiny that they seek with hope, although their faces reflect the suffering of abandonment and non-acceptance.

Beyond everything that happens in humanity, and by means of this Marathon of Divine Mercy, in which your prayers are elevated to God, in attunement and love, I share with you this pain of Your Master and Lord; because everything could be different, but it is not. And as it is not different, with no response nor relief toward the situation of brothers and sisters like yourselves, destiny modifies the events.

For an instant, think of what it would be like to hear, in the middle of the ocean, a boat adrift, children, women, elders, men, all seeking a safe harbor amidst a spiritual and material tempest reflected within their nations of origin.

The spirit of welcoming is something humanity owes to the universe, the spirit of receptivity and solidarity for the suffering of a fellow being.

I know that this does not depend only on humanity, but also on those who create and generate these situations of instability in all senses, within the poorest among the poor nations, as it is in Africa.

Therefore, I still keep waiting for the most opportune moment to arrive upon African lands, where My task and the task of the Mother of the World will not only be centered in the nations where we will arrive, but also throughout the whole African continent.

If the humanitarian response is not efficient in the nations of the world, in the face of these events, greater will be the consequences that the different human peoples will keep living in their nations of origin; because today we do not speak only of famine, of war or of social or political indifference, we speak of something that goes beyond what it seems and what is superficial.

Within your refugee brothers and sisters, see God Himself suffering shipwreck, the shipwreck that His children generate when they do not fulfill His Plan. Place your gaze and your heart before this meaning that I am bringing to you today.

Try to go beyond appearances, beyond what is superficial, beyond all that is known or material.

Penetrate the universe of mystery and you will understand the spiritual meaning of all that I say to you.

I only hope that more beings may be conscious of what happens because what happens to some human beings, like the refugees, happens to the whole world.

In this situation, there are no material nor mental borders. There must not be indifference nor omission in the face of the great need of the end of these times. If today this situation happens in the world, it is because it is a mirror of humanity.

You cannot aspire to the higher spheres or to the levels of contact if this situation, the situation of the refugees, of your brothers and sisters, is not placed within your hearts.

All are brothers and sisters, beyond your race, your language or your condition. In essence, all are equal before the Celestial Father, and this will not change.

What is material is transitory, what is spiritual is eternal. Service is the great key of the times to relieve humanity from the conditions of chaos and suffering that it generates towards itself, time and again.

But the Primordial Source is there, at the service of the Children of God. You must call upon It correctly, you must invoke It correctly, you must unite to It correctly so that the Primordial Source can help you.

Thus, your talents will awaken, your virtues will become visible and you will be guided and led through the path of service and prayer for the urgent causes of the planet.

Today I come, with the wind and the ocean waves, so that you can hear within yourselves and feel the Feeling of God, His silent Feeling that speaks about this reality to the inner worlds.

You are already at the moment of understanding many things that are not material, but immaterial.

If your inner world and your gaze are before knowledge with reverence and humility, you will be guided by the Law, and the Law will act through you to correct this increasingly chaotic and difficult planetary situation.

Since the Garden of Gethsemane, I knew this would come. This is the reason for the cost of My Blood, for each drop of My Blood shed upon the soil of this world for humanity.

Through you, My merciful Heart needs to reach those who suffer, the refugees.

During these days of merciful prayer, pray with fervor, and fervor will renew you, will always place you in the correct vibration in the planetary emergency.

The world will see situations that are more indescribable than those ever seen before. I invite you to become conscious of this and to turn your lives towards solidarity and the good.

Build with Me, in the inner planes, the renewal of forms, so that those retrograde forces that oppress the consciousness of the planet and subdue humanity may be expelled and liberated from the surface of the Earth, and everything can be renewed.

While the interest of humanity for spiritual life and prayer is cloudy or indifferent, the doors of My Mercy will not open; the response to this great help will be proportional to your prayers with Me.

Humanity is not ready to face the end of times and see unimaginable things, not only of this planet but also of the universe. It would be like waking up in the morning and finding the world totally changed, under a reality you have never known nor lived.

What would you do? What would be your first thought and your first action?

Humanity has allied with the retrograde forces and this leads it to constant suffering.

The prayer of the consequent ones sustain balance in that which is unthinkable to you. This means, companions, that prayer, at the moment, maintains in harmony that which is about to break.

I know that many do not want to accept the end of times because it would lead them to change definitively. But as the Lord and King of the Universe, I tell you, "There is no other way out."

If you are incarnated, at this moment and in this time, it is for a greater reason, it is for a greater duty, it is for an undeniable commitment.

While souls and consciousnesses continue to force doing what is different from what they came to do, they will suffer. Resistance can no longer be in your spiritual paths and, above all, in your inner contact with the Heights.

You must not challenge your destinies, because you do not know them.

Be worthy, in this time, of the supreme Grace that descends upon a transgressing and indifferent humanity, upon a sick and chaotic humanity.

Beneath your feet you have the most sacred places, the most unrecognizable to the world, those places known as Sacred Precincts. They are there to help you and for you to venerate them.

Avail yourselves of what is real and divine. Leave behind that which seems to be and that which is illusory.

The world wants to remain in illusion and feed it, day by day. If this continues on like this, how will the world find the portal towards the Real Time?

Everything begins in your inner world, in the living practice of your faith, in merciful actions.

In this attitude, the nations will understand that the refugees are not human waste nor are they an international plague.

Have pity on those who suffer and you will see beyond what is happening.

Relieve the pain of those who sail the seas and the oceans of the world, seeking a safe land to live in family and in unity.

If the world and the nations do not do anything, a test will come that is harder than the one you are now experiencing. God does not punish humanity, it is humanity that punishes itself through its actions and ideals.

The oceans today speak of the pain of the refugees in the seas and, especially, of those who did not leave the sea alive. Therefore, today I convert these oceans into the Ocean of My Mercy so that all can be salvaged and rescued.

Appeal to Divine Mercy and do not allow Justice to act in this time, because the world would live a great correction it has not yet lived.

Be consequent with our words. Live My Message and do not just listen to them. It is time for the awakening of the New Christs.

"Celestial Father, who has untiringly given all of Yourself for the creation of the universe and life, sustain Your servers who have decided to follow the Path of Christ.

Have Your Light and Your Mercy descend into the dark spaces of this world.

Welcome into Your Arms, Adonai, those who are without a nation or land.

May the cry of pain in the oceans be soothed by the descent of the powerful Blood of Christ, and may all be converted according to Your Will, Adonai, so that humanity may be responsible and conscious of all that it does.

Send Your Light, Lord, to the inner worlds. Nourish the deepest layers of human ignorance so that it may be dissipated.

Heal all of Your creatures with Your Love so that all may have the joy of participating in Your Celestial Kingdom. Amen."

Friar Elías del Sagrado Corazón de Jesús:

United, at this moment, to the Lord of the Oceans, before His merciful and spiritual Presence, we place ourselves before Him in prayer and supplication, offering the prayer of the Angel of Peace so that Christ may emerge as a Divine Tabernacle in each human heart and all may awaken to the call of His Voice and of His Presence.

*Most Holy Trinity,
Father, Son and Holy Spirit,
I adore Thee profoundly.
I offer Thee the most precious Body, Blood,
Soul and Divinity of Jesus Christ
present in all the tabernacles of the world,*

*in reparation for the outrages, sacrileges
and indifferences by which He is offended.*

*And by the infinite merits of the Sacred Heart of Jesus
and the Immaculate Heart of Mary,
I beg the conversion of poor sinners.*

(repeated three times)

*We thank God for His immense Mercy and Pity and we renew our vows in Christ and for Christ as
soldiers of Light.*

In the name of the Father, the Son and the Holy Spirit. Amen.
