DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN REDWOOD, CALIFORNIA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Series: The Sequoia trees - Part II

These great and beautiful trees are witnesses of the different stages that the human race has experienced, there is none other that may have recorded what truly happened in this world.

In the same way, the Sequoia trees are witnesses of what the original peoples went through and suffered during their passage through North America.

The inner union between the original peoples and the Sequoia trees was something more than sentimental. The very gesture of the love of the Native Americans caused them to understand the science and spirituality of each one of the species of the Plant Kingdom.

Thus, the indigenous consciousness experienced a very deep degree of contact that allowed them to understand the meaning, and, at the same time, the existence, of what each living element upon this planet really meant.

The Sequoia trees were the great natural teraphim of the original peoples for they, within their hearts, knew that there was a reason for the presence of giants such as these trees and, at the same time, a principle coming directly from the Cosmos was being fulfilled.

And so, the indigenous consciousness of North America knew within itself that the Sequoia trees attracted certain principles of the Universe that benefited the sustaining of the balance of the planet, and, above all, of humanity.

I thank you for keeping My Words in your hearts!

Who blesses you,

Your Master and Lord, Christ Jesus
