SPECIAL APPARITION OF THE VIRGIN MARY, ROSE OF PEACE, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Piedad, could you come up to the stage with a microphone? Please, stand to my right.

In the name of the Father, the Son and the Holy Spirit. Amen.

Today I have come from Heaven with a message of reconciliation, because My ardent desire as a Mother is that all My children may have the Grace of knowing Heaven, of becoming free from suffering and pain, from everything that the world experiences today.

Today I contemplate you with a maternal tenderness because I contemplate the pain of the world, the agony that many of My children experience.

But today I want to take you to Heaven, where your true reality exists. On this day, God has asked Me to take you in consciousness to Heaven so that, for a moment, in the Kingdom of Heaven, you may feel the Peace, the Love of God and the joy of being close to Him.

My little children, do not suffer anymore. God knows of your regrets, God knows of your silence, God knows of your hearts, just as I do, because I am your Mother.

In consciousness, come to Heaven with Me and be illumined by celestial energy, in the presence of the angelic choirs.

Dear children, you are looking upon the Universe of God. There you must return someday, with everything you learned on Earth, with the joy of knowing that you can overcome yourself every day, for the triumph of the Sacred Heart of Jesus, for the work of humility of the Most Chaste Heart of Saint Joseph, for the triumph of My Immaculate Heart.

The world does not want to look at God; for this reason, today I am taking you with Me to Heaven, in soul and in consciousness, where you will be able to find peace and the joy of knowing who each one of you truly are.

Elevate your consciousness toward new dimensions. I am here, do not fear, I know what you need. I can hear your souls, just as I can hear the voice of the angels that eternally sing to God.

My Love for you is invincible.

In Heaven, there is no error or fear, but rather the blessing of being in God for having accomplished His humble Will.

In My Heart I carry the pain of the whole world, in this time of a pandemic, in which all souls are becoming aware that they have forgotten something fundamental, they have forgotten God. I will take you toward Him. I have come for that.

What is it that you most want for your lives, My children? You should only want to be in God, so that He may have you feel the softness of His Soul, the Love of His Spirit, the Wisdom of His Universal Mind.

Children, in Heaven, lies the Truth of what originated you and expressed you as essences. You are now with Me in Heaven. Can you feel this with your heart? It is the surest place for feeling God.

He is there; He is your Father, the Father of open Arms, of the expanded Heart, the One Consciousness, unconditional Love.

There are so many choirs here with Me, for you, as well as for the whole world, touching the very depths of your souls so that they may awaken their virtues and gifts, so that they may be ambassadors of Peace.

In Heaven, there is no despair nor apprehension, but rather the joy of being in God and of glorifying His Name, in the same way that the angels glorify the Name of God.

See how many souls today do not find this Grace yet today, you do find it!

At this moment, My children, your souls are free of the material prison. While I pour My Light out upon the world, for you I bring the Truth that is God, from the beginning.

Beloved children, Heaven waits for you after this life on Earth.

Continue to pray with Me every day for the triumph of the Heart of God in the world and for the salvation of sinners.

Heaven comes with Me in these last moments, in which your Heavenly Mother fulfills a cycle together with Her children, after twelve years.

So many memories I have of Aurora! The aroma of its sunrise, the dew on the orange trees, the light in the faces that, in the simplicity of life, waited for My coming. That is the Aurora of My Heart, it is the Aurora of the redeemed, the Aurora of the pioneers, of all those who passed through it with the hope of healing and redemption.

When I am no longer here, My Light will be in Aurora, just as Aurora will be in Heaven, waiting for the self-summoned that will prepare the return of My Son.

Now our Divine Mother is showing Herself upon Aurora. It is so beautiful to see this! So simple!

Happy are those who recognized My call in Aurora and said 'yes' to God.

Happy may be those who came to Aurora to heal the illnesses of their hearts.

I cannot explain, My children, the wonderful things that I have seen in this humble place. I felt Myself returning to Nazareth, again and again, to meet with My children.

Today God continues to write. He continues to write the redemption of those who persevere, the surrender of those who are unconditional.

Aurora is standing in its greater withdrawal and silence. Its Love is standing in those who have believed in it, for they will carry that memory in their souls forever, although today they are no longer here. I pray for them.

Aurora is one of the Heavens of God. For the second time, He makes Himself small and poor, but this time in the heart of those who came to Aurora, in the same way that He made Himself small in the Heart of His Son.

So today I bring spiritual Healing for the whole world and I say to you, My children: "there is no time, there is no longer any time." Repent, restore the offended Heart of God, so that peace may again be achieved in the world, so that I may have more reasons to return here until the end of days, until My Son returns to the world. That is all that I desire for the good of humanity and the planet.

I thank you for the novena carries out to Saint Raphael the Archangel. He granted the world this moment and this opportunity. For this reason, today I am here, so that you may receive the Heaven of Aurora within you, a spiritual healing for humanity.

These are My last moments, My children. I want so much to be with you, I want so much to return to Earth, to continue to gather up the fruits of your prayer and the miracles of the Eucharistic Adoration.

"Powerful Energy of God, in this moment, change everything that is still not redeemed, by the merits of the sorrowful Passion of My Son and the sorrowful spiritual Passion of the Mother of God, by the merits of the seven agonies of Christ, the seven sorrows of the Immaculate Heart of Mary, and by the example of the humility of Saint Joseph."

My children, today My Words are announced through some silence, so that in this time, you may remember how to be in Heaven, although you are on Earth, for you will need it.

I thank you for responding to My call.

Today the world has received a profound and spiritual help, as well as all the souls that are listening to Me at this moment.

Before I go, I wish to send a message to My daughter Analía, from Buenos Aires, Argentina, to her beloved husband, Gustavo Contreras, to My little love, My little daughter, who I have in My Arms at this moment.

Dear daughter of Mine, Analía, God accepted your sacrifice and I will have your daughter in My arms forever, I will guide her in this Earth school. It does not matter what happens, trust in the triumph of My Heart through your experience, your surrender of love.

It is not the first time that you have been with Me in Heaven. I have sent many angels to Earth so that they may serve humanity through motherhood and the love of many mothers in the world.

I pray at the foot of your bed, in the sanatorium. I will always be with you, My daughter.

Blessed are the merciful, for they shall reach Mercy.

My Light upon you and upon all My children.

Today I speak to you this way, My children, so gently, because My Words must reach your souls, the very depths of your hearts, where you will always recognize Truth.

I am very grateful. The simple things, the true surrender, sincere prayers, unconditional service, will always touch the Heart of God and He will touch your hearts with His Eternal Love.

In the name of the Father, the Son and the Holy Spirit. Amen.

At the request of the Most Holy Virgin Mary, for the triumph of her Immaculate Heart, we will listen to "Ave Maria" by William Gómez.
