MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

What happens today in some nations of the world is the reflection of what once occurred in the Universe.

Everyone was once a participant in a very ancient history, which transcended the times until the present day.

Everyone was present and participated in an event within the Universe that changed the Plan of God, in the sense of its realization and its fulfillment.

Everyone comes from a spiritual and universal origin. In these origins, the first learnings began which, in most cases, were learnings and experiences that made you arrive here, to the Earth, to be able to someday attain forgiveness and redemption.

Each one of My children carries within themselves a history, not visible to human eyes but known to the eyes of the spirit.

This is the time in which this history, which occurred in the Universe, will close so that another stage may begin and humanity may be finally liberated from the endless chain of errors.

For this reason, children, there are certain events, still unknown to you, which are kept in the history of your spiritual being. Your spiritual being is what deeply knows all the causes and consequences that were once experienced by you in the Universe.

Everyone comes from a somewhat traumatic experience. Everyone comes from ancient wars in the Universe that only sought the conquest of space and the benefit of personal evolution, for this, having skipped the Law of the Hierarchy and the Law of Love.

This history, which is still recorded in the Universe, remains there, waiting to be purified by each of My children, in the moment and the hour that corresponds to you.

Within each one of you, this history, of great conflicts in the Universe, has greater or smaller intensity according to the experiences lived and the participation of each one within these events.

This is the time to put an end to this history because humanity, throughout the nations and throughout time, has repeated the same errors again, so similar to the most determining facts that were once lived in the Universe.

The higher planes expect that each one of My children, by means of service and of surrender, can

help dissolve and repair these past events. Thus, humanity will have the grace of going into a new cycle with greater possibilities of deepening in love and in service.

In this sense, everything that was once experienced in the Universe is not only the result of the conflicts caused by the ambition of knowledge and of power but were also delicate experiences that left indelible marks in the consciousnesses.

Now that everyone can be more aware of this and can help break this chain of errors that humanity still lives and commits, you must know that prayer will be that key that will open the right door so that all of these histories of the Universe can be forgiven and the souls may have the opportunity of beginning to walk with hope.

Coming into contact with this history of the Universe, in which the majority participated in, is to return to the conscious commitment to live forgiveness, healing and redemption, beyond what has happened.

Therefore, everyone who today becomes conscious that they are not only beings incarnated on Earth, they will receive, in the name of humanity, the possibility to change the destiny of history so that finally all beings may live the great moment of redemption.

This is the time in which the history of the Universe will come to light so that the consciousnesses may also learn to redeem itself.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
