**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE CITY OF KRAKOW, POLAND, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

### **Third day of the Novena**

Carrying My Mercy to the most lonely and forgotten souls, you will allow them all to be granted the peace and the inner Grace of feeling loved by someone; because in love lies the foundation of life and the redemption of hearts, in love the spiritual healing of the whole consciousness is achieved.

The most lonely souls that are taken towards My Mercy will find meaning and motivation for living on Earth because there is nothing more important in the life of a being than to feel loved and protected by their fellow beings.

The work of Love is capable of banishing human suffering, the feeling of being forgotten, and of abandonment that the most lonely and innocent souls endure from their most beloved ones.

The love that any soul may come to feel means everything and leads it to the fullness of the union with God.

It is so that, in the life of the most suffering souls in the world, the key of love is the path that will open the healing of the past and the renewal of life in Christ.

*The message continues:*

### **Fourth day of the Novena**

By submerging into the Fount of My Mercy, for the sinners that traffic human beings, a state of purification and redemption is generated in them.

The first steps in redemption are taken through the consideration and infinite pity that a fellow being may have for that soul that commits grave errors.

In this sense, the infinite ocean of the Mercy of God reaches the lives of sinning souls in order to dissolve the codes of evil and grant them the purity of spiritual and human salvation.

It is in this way that the action of Divine Mercy withdraws the soul from eternal condemnation, and the merciful Law itself replaces the sins and errors committed for the state of Grace and pity.

At this time when human exploitation and trafficking has become uncontrollable and immeasured in all senses, prayerful hearts that invoke My Mercy will help the abyss of the Mercy of God to carry sinning souls toward the principle of forgiveness and redemption through the simple act of thinking of those who are already condemned.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master, Christ Jesus
