WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN BOGOTÁ, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

While the Prayer for Peace in South America prepares hearts for the end of times, on the other hand, events in South America continue to emerge that will try to divide the peoples and in which aggression towards one's neighbor will be seen as a way of life.

While principles and ethics are lost in some nations of South America, may the weekly Prayer for Peace on this suffering continent be the path and, at the same time, the portal that may lead all souls and nations toward God.

Let this prayer that is so important to your Heavenly Mother convert into a spiritual space where voices cry out and ask for Mercy and forgiveness; but at the same time, let this weekly prayer grant souls the spiritual guidance for these times in which everything can happen.

I am grateful to all My children that adhere to this request because, through this practice of prayer, your Heavenly Mother will try to dissolve future events on the spiritual plane so that they may not manifest.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
