WEEKLY MESSAGE OF CHRIST JESUS TRANSMITTED AT THE LIGHT-COMMUNITY FLOWER OF THE SACRED TEPUI OF RORAIMA, BOA VISTA, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Listen to My Voice, all nations. The Lord speaks to you, and His Voice echoes from Mount Roraima to the four corners of the world.

Hope is reborn in the core of beings, in the essence of the Kingdoms, in the consciousness of nations.

The supplicating spirits praise, and their praise is heard at the celestial altars. This is the greatest service that a soul can render in these times: to elevate a sincere praise to the Feet of God, to open the doors of Mercy through the supplicating channel, which crosses each dimension of existence, from the deepest abysses to the most sublime Heavens.

This is the gift of Roraima. Roraima, as a mount, as a region, as a Center of Love, as a sacred space, fosters in souls the possibility of elevating the consciousness and, in this way, the capacity for intercession.

Just like its nature, which rises from the deepest layers of the Earth and soars to the highest heavens, in the same way souls are impelled to walk a path not only of ascension, but of intercession.

While the planetary events distract hearts, and the forces of chaos try to silence the heart of Roraima, its silence becomes power and its simplicity raises the strength of an inner life that, more than resilient, becomes a true portal of intercession for the planet.

For this reason, the Lord is upon Mount Roraima today. I Am right where My Father is, and He is One with Me. Thus, may souls observe the signs and divine indications.

Roraima ignites because the world needs its Light, and each small or great effort to ensure this Light reaches the planet is contemplated in the universe. Therefore, do not let the impulse to be supplicating warriors become faint within you. Make, of silence, strength, and of resilience a planetary service.

What may seem to be simple and insignificant to you, is a reason for Glory and Mercy to the Lord. It is through your efforts that you maintain an intercessory channel for the world. It is with the effort of little souls that the Lord opens great portals for the planet and receives from God the possibility, before the Law, to pour out Mercy upon a world that only deserves Justice.

May souls ignite in adoration and supplication.

May the inner worlds recognize and cross the portals of Roraima, because the time and hour has come for its Mirrors to reflect themselves upon the Earth.

I bless you and wait for you, always in prayer.

Your Master and Lord,

Christ Jesus
