WEEKLY MESSAGE OF CHRIST JESUS, TRANSMITTED AT THE LIGHT-COMMUNITY FLOWER OF THE SACRED TEPUI OF RORAIMA, BOA VISTA, RORAIMA, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

As time goes by, and your hearts observe, in the world and within many beings, the growth of conflicts, of wars, of disunity in families, in inner groups and even in spiritual groups, let there be no fear within you, but rather certainty.

Let just one certainty grow within you: the time and hour for the Return of the Lord has come.

The greater the chaos in the world, and the greater the darkness within hearts, the more oil must be in your lamps, the more prayers your mouths must recite, the more forgiveness your hearts must emanate, and the more decrees you must proclaim with the sacred word.

The greater the ignorance that you see in actions, in speech and in the human mind, the more your spirits must elevate to the Source of Wisdom, that Source you will recognize in silence and in true prayer.

Do not allow the dissociation of the times and the weariness of the days to extinguish the fire within you, making your prayer empty and mechanical, like an obligation that is fulfilled more out of conscience than out of love.

Seek the source of love and forgiveness. The path to a broader love is a broader offering and, so that this offering may be true, only in Me will you find the Source and the example to follow.

I left to you the Gospels with My Word and My examples. I have also left you the New Gospel of Christ, to this day, so that souls may not become lost. Therefore, drink from all the Fountains that I have given to you and do not allow your souls to succumb due to thirst.

Light your lamps in prayer and find in Me the strength and the reference for the love you need, and you will not become lost for being in the dark.

There is still a lot to do, there are still many souls to attract and awaken, there is still Mercy in My Heart.

Who will bring their empty chalice to receive and multiply this Mercy for the world?

Do not leave your Lord alone in agony in the dark night, but be lights that, together with Me, illuminate the path of lost souls.

There is still Mercy in My Heart.

Your Master and Lord,

Christ Jesus
