MONTHLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN THE LIGHT COMMUNITY FLOR DO SAGRADO TEPUI DE RORAIMA, BOA VISTA, RORAIMA, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

As Mother of cultures, Mother of nations, Mother of all peoples, Mother of all Kingdoms, Mother of the mountains, Mother of the waters, Mother of nature, I come to meet you, My children, to establish My Peace in the hearts of those who suffer because they cannot find their place and purpose in the world.

I come for the peoples who have been forced to abandon their lands and, with them, their history, culture, and spiritual purpose, and who today struggle to find the strength to continue living a humanly meaningful life.

I come as the Lady of Peace, the Lady of the Light of Roraima, because, from this Sacred Tepui, I radiate Light to the world and, above all, to the Kingdoms of Nature.

Within Roraima, your Heavenly Mother finds dwelling, silence, reparation, and restoration of life.

Within Roraima, your Divine Mother has Her Inner Sanctuary, from where She intercedes for the gift of life for all creatures.

From within Roraima, I pray constantly, in unity with beings of light, God's blessed ones, who have remained in spirit and consciousness on the planet to assist human evolution until humanity awakens its potential and is able to sustain this world on its own, with degrees of true love, unity, and fraternity.

The silent Light of Roraima continues to sustain a large part of the planet, especially the Americas. Its channel of intercession grants beings the possibility to discover God, and grants all of nature, the restoration and renewal of its primordial and original essence.

From the silent heart of Roraima, your Divine Mother fosters the gift of consecration of souls, and intercedes incessantly for those who aspire to find God. And when I speak to you of consecration, I am not speaking only of religious consecration, but of the consecration of consciousness, of the heart, which can be experienced in all cultures, all peoples, and all religions that genuinely seek the Love and Truth of the Father.

From the silent heart of Roraima, your Divine Mother prays for the consecration of the Earth and its creatures, and today I come to ask you to accompany Me in this mission to radiate the Light of Roraima to the world, through the foundation and manifestation of the ***Marian Center Luz de Roraima***, which shall erect its house of prayer in the midst of the nature of this sacred place, from where it will cry out and intercede with Me for all life, all Kingdoms, and all peoples.

It is essential, My children, and I would even say urgent, that the ***Marian Center Luz de Roraima*** open its doors to souls, creating a bridge among the inner life of the Earth, the life on the surface, and the immaterial and spiritual life.

Just as your Divine Mother finds Her dwelling inside Mount Roraima, She will build the physical counterpart of this dwelling in the heart of the Light-Community Flor do Sagrado Tepui de Roraima, so that its Center of Light may radiate throughout the entire world.

May the indigenous peoples find not only relief here, but also reparation, restoration, and spiritual inspiration.

May they rediscover their purpose and inner strength here, so they do not lose their way.

May the Kingdoms of Nature find peace and inner sustenance here to continue on their ever-ascending evolutionary path.

May consecrated life find the Water of Life here to nourish its inner purpose.

I will be united with and grateful to each of My children who helps build the foundations of this sacred sanctuary of Light, Luz de Roraima.

I bless you and thank you for responding to My call.

Your Mother, The Virgin Mary, Rose of Peace
