SPECIAL DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF BOGOTA, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN??

Dear children,

The world still does not know how the Wrath of God is; the aggressions and the physical and spiritual lesions that the souls in the East live do not permit the Justice of God to be placated.

Lovingly, I come to ask you that through prayer your lives justify before the Kingdom of the Heavens that it is possible to experience change. In face of the times of chaos and of error, I come to ask that your lives testify as an example of consecration to the Heart of My Son, so that in this way His infinite and ultimate Mercy will descend upon the world.

Dear children of Mine, awake! There are more serious problems than yours. My Heart, flagellated by the errors and horrors of the world of today needs that from now on and forever, you place yourselves within My armies of light, those that will fight day and night so that peace may be established.

For that, My beloved children, pray all of the days from the heart, feeling in the depth of your spirits each decreed word. In this way, your petition and plead will be heard.

Dear children, today I come to implore that you will continue to work for peace in the world. The entire Earth is being shaken by the error and by the blood that flows unceasingly, without compassion or forgiveness.

Dear children, accept My call in a truthful way. If you do not pray from the heart, united to your souls, how will My Plan be fulfilled? In truth, I come to ask of you the impossible: that your lives may not cease to be reborn and to lovingly accept the sacrifices and the tests that the Lord, Your God, pours over you.

The hour has come, children! It is the time of confirmation and challenges. No one will be able to lag behind. For this I come to bring to you the infinite consciousness of the true need for at least a minimal part of humanity to listen and answer to My call.

Humanity trespassed all the limits and many will eternally regret having sacrificed their fellow humans; this is the principal sorrow of My Heart of a Mother. I need You to alleviate Me and to alleviate the whole world with your efforts. Light cannot fade away.

It is time to fight in this spiritual war, with the rosary of peace!

I thank you for comforting My offended Heart!

In the Good that many innocent souls deserve,

You Mother Mary, Rose of Peace
