**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

My dear ones,

With My arms open towards the world, pouring immense Mercy, today I call you to contemplate again the flagellated Heart of Jesus that is offended by many souls that deny the life of the Great Spirit of God.

My children, I ask you to continue to pray as you do every day so that My other children may also be able to receive the Grace of salvation. You are already within the Grace of God having Me every day at your side. But today, dear children, you must know that many hearts deviate because they are tempted by the onslaughts and traps of the enemy. This is why My Immaculate Heart is willing to fight for the salvation of all before My Son descends from Heaven for the second time.

Dear children, you can help Me in this mission of salvation, praying for those who need Light and Redemption the most. The time has come to help all the hearts that day by day lose themselves because of the modernities of the world.

My children, you have Christ, the Redeemer, as alliance and as protection; in Him you will be able to take the steps towards giving and charity to the others.

Today I show you a reality of the world that many, out of ignorance, do not want to see.

I call you to collaborate with humanity and with your home, which is this world.

Dear children, opening your eyes to the call, you will be invaded by the Light of My Maternal Spirit so that you may walk with firmness towards the praying mission that My Heart asks of you.

You, the ones who are most awoken, can help consecrate the world to the Creator again.

Let us work in the name of peace.

I thank you!

Mary, Mother of the Divine Conception of the Trinity
