DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF BOGOTA, COLOMBIA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN??

Dear children,

While peace is so needed in the world, today you are in the Kingdom of Peace. May this peace, which is indispensable, radiate like a sun to the whole Earth so at least those in most need of peace may find comfort.

Dear children, thanks for being accomplishing the requests of prayer that My Immaculate Heart clamored to you yesterday. In these times of darkness and lies, I invite you to be My ambassadors of prayer and peace wherever you go, thus My Heart, which is full of Grace and Pity, will hope to pour those gifts in the despairing hearts.

The nonbelievers are now facing their own purification. I ask you, My beloved ones, to live the prayer for the planet and not only for yourselves.

Many of My soldiers will be keepers of the sorrow that many are living. Many of My visionaries will be receptacles to calm the suffering that drowns the world, and thus they will share with Your Heavenly Mother the sorrow of the whole humanity.

I invite you to become deeply conscious about the decisive times that humanity is crossing and to which it does not give the minimum importance before the lack of peace in the world.

My dear children, the promise is very big, for this, the effort will have to be bigger so that the Kingdom of God will be fulfilled in the hearts that must enter in the dwelling of the Celestial Father.

Dear children, remain by My side and vivify this moment, such as My Son lived on the Cross for all of you.

I thank you for answering to My call!

Who guides you towards the Supreme Truth,

Your Mother Mary, Rose of Peace
