DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????

In order that you can transit in a period of planetary chaos and be a source of peace for the beings, and non-collaborators of the large dissociation network of the planet, you must start to strengthen the spirit with the knowledge of a superior life and with the living experience and the self-experience that such life exists and that the material dimensions of consciousnesses are only a reflection of all that manifests itself in the universe.

The differences between a conscious group of the planetary reality and other prayer groups that exist in the world and that support themselves only in the invisible of their faith are the tools that each one will have in the end of times and with what they will be able to contribute as a support for humanity, when the truths that have been always hidden start to emerge.

For a long time, Our Divine Spirits were extremely silent and delivered to humanity small impulses and signs that used to demonstrate Our Divinity, but they would not reveal to the human eyes what exists between matter and the Spirit of God, which is the life manifested in the different existent dimensions between 3rd and 12th dimensions.

Today Our Voice starts to deliver new signs and unveil new secrets to all of humanity, because, in this time, the adversary of God will try to confuse many spirits that are seeking the true Light and, thus, many beings will have visions that are not true or will receive instructions that more confuse and than clarify the heart. It is for this reason that we start to reveal what humanity will have to recognize in order to take its evolutionary leap.

I want you to know that an instruction that comes from God is the one that leads you to the spirit of humility and of faith; it is the one that brings, in its interior, the purity that the heart can feel by coming in contact with it.

For this, I ask you to not listen to all what they say in the world, both outside and within yourselves; do not let yourselves be lost by the confusions or by your own need to fulfill certain functions within the Plan of God, because for each one the Creator has a perfect idea and a single plan. Besides that, many of those who are in the world wanting to be something came to learn to be nothing.

Have trust that the Messengers of God will tell you everything that you need to listen, and follow Our Words with attention.

If you could live, at least, one message of the thousands that we have transmitted in the last years, you would be already closer to the existence of the new humanity and you would even already be able to know who you are or, at least, what you are not and, thus, be guided by the Spirit of the Divine Humility of God.

In order that My Heart continues to reveal to you the celestial secrets and awaken many consciousnesses from the dream, I need you to be consistent with all that is being delivered to you.

I love you and I hope that I can lead you each time more deeply to the fulfillment of the Plans of God.

The Most Chaste Saint Joseph
