DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED AT THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?????

In order to understand the planetary reality, it is necessary that the soul, the spirit and the material bodies be willing to transform because the untruthful understanding of the reality of the world in which you live is something made up from the mind and sometimes even of the soul that does not want to abandon superfluous and superficial things.

Dear companions and servants of Christ,

The impossibility that many feel towards responding to the urgency of the times with real consciousness of the situation of humanity is caused by the non-adherence of certain aspects of the being to the Divine Purpose.

You must meditate from the heart on what I tell you and seek those spaces of consciousness that still aspire to live their own will and insist on responding to the material life stimuli, for the pleasure and for the convenience that it brings to the bodies.

Seek a path of true holiness, follow the examples already left for the world by those that today guide you in the inner levels of the planet.

I ask you to reflect a little deeper about yourselves and to move towards a definition for all aspects of your consciousnesses.

Find those obscure spaces of your own being that still need to be illuminated by the spirit and, without fear, anguish or preoccupations about what you will find, only move with maturity towards transformation.

You already know what you must stop doing. If you are in doubt in relation to the steps that you must start to take, do not take those that you know that will lead you to other paths, that are not of God.

Dear ones, know that the Creator counts on very few. With maturity, assume the responsibility of being a part of those few ones that have the possibility of responding to God and surrender yourselves, without delay, to His Divine Will that is perfect to each one of you.

With few words, I tell you what you need to listen.

May My instructions become alive by means of your hearts, your souls and your spirits.

I leave you My paternal blessing.

The Most Chaste Saint Joseph
