DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?????

Dear companions and servants of Christ,

Today I want to teach you something that I learned from My Son Jesus, when He was still a child.

Jesus began to discover the essence of the Divine Plan of God for humanity at five years old and He was capable of seeing in the hearts of humanity the Perfect Thought of God to each one of them. That was how the little Jesus would seek seeing in each being only their perfection and, even if this being resembled in nothing the Thought of God to him or her, Jesus would only see the Divine Thought. And it was so much love that would be born in Jesus on seeing the Perfection of God in each creature, that this love, by itself, would start to expel from the hearts of humanity that which was separating them from God.

To this mystery, I want to invite you today, because, throughout the centuries, humanity only responded to the capital stimuli and very little to the divine ones, and it was in this way that in the human heart only grew the habit of always searching for the worst in the neighbor, as a way of feeling better than the others.

For this reason, the beings do not know the Love of God for His creatures, because the consciousness that only glimpses the miseries of each being cannot understand how God loves such miserable beings, and wonders from where the redeemed humanity will emerge, if everyone around is lost in shortcomings.

Today I tell you that inside of each soul are latent the Perfection of God and the possibility of living and manifesting that perfection. You must learn to seek what of the most wonderful a consciousness expresses, because there are the eyes of God.

It is because of this possibility of uniting to the principles of the Creator that He aspires incessantly that from this humanity be born the new man and the new woman, capable of transforming all of His Creation.

Learn to banish from your own interior the need of observing and seeking the shortcomings of others, but, on the contrary, rejoice with the manifestation of a virtue in the neighbor and imitate them on what they express with perfection.

Find in the attribute that each being manifests the possibility of the emergence of a new race and aspire from all your heart that each one be able to grow in virtue. Help each other so that you may mature under the spirit of fraternity and love, and erase from your own consciousness and from the human consciousness the evil of the permanent competition.

If you follow such simple examples, little by little you will learn all that Christ taught the Sacred Family and you will be able to attract the Christic Spirit to the planet.

I love you and bless you, under My Divine Humility, so that you may be fulfilled by this celestial balm and may understand and live what I tell you.

Your Father and Companion, Saint Joseph, Humble and Chaste Worker of God
