DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

When the human heart emits a true impulse of love to the Creator, the whole universe takes a breath of hope for the world, and the creation of God is impelled to continue assisting humanity, to continue in the trust of the manifestation of a race of Christs.

The potential of love of your hearts is extremely unknown by everyone, and even a small impulse of it transcends the laws and the justice and makes the fount of the Divine Mercy descend again to the planet.

While your Mother Mary tries to awaken you to a planetary and universal reality, due to Her condition of Governess of the Mirrors of all Cosmos, My Chaste Heart tries to reach the depth of you inner universe, making you discover what you are in truth, unmasking the false aspects that cover up the soul and showing you the potential of the spirit.

All the words of God, through His Messengers, have a single function: to awaken the essence of the Christic Love in the human heart, which is the universal receptacle of that Love.

You need, in this time, to be before certain situations that have repeated themselves both in the Universe and on Earth in order to be able to act with the power of love and, thus, revert and redeem the actions of a distant past of the creation of God that has been distorted.

Nothing is separated in the divine web of the Universal Creation. All learning will be for the good of all creatures, according to the degree that corresponds to them.

Before the current planetary situation, hold on to love and not to fear; hold on to forgiveness and not to resentment; hold on to compassion and not to rejection; hold on to the Plan of God.

Never forget that the humanity as a whole must reach redemption. Help each other.

May the Peace and the Blessing of God be in your lives.

Your Father and Companion,

The Moste Chaste Saint Joseph
