DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

??Dearest children of Mine,

I come tonight as the Lady of Peace and the Guardian of the souls, because Your Heavenly Mother prays ardently for all during the evening hours.

At those times, the neutrality, the spiritual introspection and the silence of Your Mother perpetuate themselves throughout the Universe. It is the time for retreat and quietness to be able to meditate and contemplate the next steps of the Plan of God for humanity.

That is why the night is the moment of vigil of Your Mother, it is the time when the Angelical Heaven enters the sphere of the Earth in order to save the fallen souls.

Dear children, in the next times your lives may be united to My universal life because it will be the moment of adoring and praying for the world when it enters the most acute phase of its transition.

Children, I am the Lady of the Night and I reveal to you the principle of My universal vigilance that comes from concentration and silence.

Children, accompany Your Mother in this sacred task. The day and the time will come when the apostles of My beloved Son will become guardians of the spaces and keepers of the Sacred Centers of all the oratories of the Earth.

I thank you for answering to My call.

Who guides you to a greater vigilance,

Your Mother Mary, Rose of Peace
