DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN MANANTIALES, PUNTA DEL ESTE, MALDONADO, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

As a pious Mother, today I come to envelop you in the sacred mantle of Christ in order for your deepest and most unconscious wounds to be healed.

I come to purify and cleanse the marks of an erroneous life and that is subjected to the existence of a material world.

I come to envelop you in the sacred mantle of Christ in order for your wounds of the past to be washed in the Source of My Son.

For it to be possible and so that I may be able to envelop you in the sacred mantle of Christ you must grant Me an inner permission in order for Me to make you get to know all that which separates you from the perfect union with My Beloved Son.

With the Piety in which I live, I come to deliver My Grace to you because it will be the science that will change the deep and unconscious things, those that hinder your freely walk.

But remember, Child of Mine, that you have come to the world so that someday you will reach transcendence and thus the doors to rehabilitation may be opened for humanity. While you purify yourself, live the ardent aspiration of finding the celestial universes; on this path you will not get lost because I will keep you united to My Heart of Mother.

Be brave and encourage yourself to discover that which most of the souls do not want to see: the human condition, which is the last thing to transcend before the sanctity.

I delivery My Peace and My Love to you.

I thank you for answering to My call!

Who heals you in the Repairing Source of Christ,

Your Mother Mary, Rose of Peace
