**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM FLORIANÓPOLIS, TO PORTO ALEGRE, RÍO GRANDE DO SUL, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN??**

While the world unconsciously provokes the Wrath of God, the voice of the innocent and of their families is listened by Your God, and the Heart of the Eternal Father trembles when seeing the horrors that the humankind of the surface of the Earth generates.

Nevertheless, the supplications of the just could revert the constant aggressions that the humans generate among themselves in order to obtain power and their own benefit.

God needs the more awake to become conscious of the end of the times that humanity is crossing, and of the lack of preparation and of prayer that exists in the majority of the souls in the world. This lack of consciousness and of preparation awakens fear and increases the disunion among the creatures.

You Mother who is in Heaven begs for this whole moral and social transgression to end. She deeply wishes all of the groups of prayer to convert themselves into true islands of salvation for the souls, who must be received by means of the powerful flow of prayer and of peace that must be established in the life of each one of them.

Dear children, the times are degenerating more rapidly than what it seems to, and this is provoked by the bloody horrors that humanity lives today.

Dear children, the sacred life that God gave you is being broken by the hasty actions that are being taken. If in truth, children, the strength of prayer were not more intense than all that which happens, the whole world would go into its great spiritual and planetary failure.

In order to prevent the consequences of the disasters that humanity itself generates, Your Heavenly Mother comes from the Universe to ask that you live in peace, and that you consider this worldwide situation as having the importance that it deserves.

Dear children, let us pray so that the inner nuclei of all of the groups of prayer may correspond, and in this way revert this current and malefic planetary crisis.

May the inner mercy awake in you, because many souls will have to be tended and sheltered by the prayer and by the heart of each one; thus you will at least open a very small door so that the Light of God may enter a world full of darkness and horrors.

Pray continuously for all those who suffer,

Your Mother Mary, Queen of Peace
