**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????**

The essence of a spirit that consecrates itself must be renovated, every day, in the adventure that is losing oneself to find in its place, the Living Christ.

For a new resident to enter your house, it must be uninhabited; otherwise, what a great confusion would it be, when such different inhabitants share a single house, being it so small.

Dears, Christ expects to be alive not only in the Eucharist, because He wants to be the living Eucharist inside every being of this world. But for this to be real, you must commune with Him every day.

Little by little, your bodies must give space to the Mystic Body of Christ, so that He can be the life that animates not only the soul, but also all that composes you, from matter to spirit.

This transformation in Christ is slow and, sometimes, painful, but you cannot escape from it, because Christ is transforming all that you are, and the transformation will be with you wherever you are. Many think that they undo with the mind a commitment made by the spirit, but this is not like that.

With all that you have already received in the last years, the seed of a new heart has already started to pulse inside of your beings: it is the Heart of Christ that asks you for space for Him to be your commander, as well He is in the whole Universe.

These are painful times for those who do not make of their own inner transition, a moment of grace and of surrender. And the hardest will be when you do not want to see that, not only inside of you, but also outside, nothing will remain as it is.

Go ahead, soldiers! Be a little braver so that you can see, in losing yourselves, the great victory of Christ.

The Lord only wins when He defeats you, because He must be the great King of your inner world, and not yourselves.

Surrender yourselves, because it is already time to let yourselves be conducted by the Universal King.

I encourage you and take you to this great defeat at the feet of Christ.

May My blessing strengthen your consecration and give you the courage to be nothing and to surrender yourselves to The One that is all and that is in everything.

Your beloved Father and Companion, The Most Chaste Saint Joseph
