DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

As the Mother of Providence today I bring to all the principle of the spiritual wealth, that which is saved in Universe as divine knowledge and wisdom.

As Lady of Providence I pour over the world the Graces that will make possible to get know the true treasure that each soul keeps in their inner world. For this, children, despite the time of your purification, remember that the Love of God is kept in the inner world of each of you, a Love that moves the whole universe and that permeates all existence in this and others universes.

As the Mother of Providence I try to make My children recognize that My presence in your lives has the reason of awakening you to the quest for the spiritual wealth in each one. Children, this wealth that God, your Father, granted to the spirit of each creature, is beyond all arrogance, all false power and all material property. It is this divine treasure that the Divine Messengers come to awaken, to mature and to reveal in the life of each being.

But children, for you to be worthy of receiving the Grace of discovering your divine and spiritual treasure, you will have to overcome tests, surrender, humble yourselves, and furthermore, to live at least the path of humility; then, My children, it will be this cosmic and spiritual treasure that you will live in your dwelling, in that space of the macrocosm that God has saved to each soul.

In this way, dear children, when at the end of your days you have discovered this spiritual treasure, you will know that everything will have had a meaning and a higher reason in the experience of this world. If the souls put their attention in the divine treasures that they keep, it would not be necessary to suffer, mature nor to grow through the power of a higher pressure.

Your Celestial Mother teaches you to value the simple and true that is the life of spirit and as each soul has the inner potential of expressing God in their life and in the whole planet. It is this sacred spiritual treasure that My adversary does not want that be awakened, but My plans will be fulfilled above the adversities and fears generated in the souls, as far as each heart permits Me.

Children of mine, if you awaken this divine spiritual treasure, you will find the true meaning of being born to life and you will know that you have come here to fulfill a mission in the name of the Love of God. But most souls forget the meaning of the purpose that created them and, it will be through the praying word that essences will remember that they have come to the world to fulfill a mission, even though they may not be aware of it.

This last time that you are living will mark the next steps to humanity that will be purified, converted and transmuted by the powerful action of the Universal Laws, something that no one will be able to detain. Many of you that are already conscious and are able to work spiritually, seek this divine treasure, because it will permit you to find your lineage and the mission that must be manifested beyond the ego.

The things of Heaven are opposite to the realities of the Earth. Your Mother of Providence grants you this indication today, that you seek in time within each one of you, the true, and not the illusion that the whole world reflects by being each time more indifferent and blind. I tell you, children, that even with very few ones the Plan of the Most High will not be transformed.

For this, dear ones, the triumph of the heart through the awakening of your spiritual treasure, will generate a positive action in all of humanity, which is hypnotized. My aspiration of Mother is that you soon die to yourselves, as the apostles of My Son learned to die to themselves, surrendering the most profound fears.

The purification will set you free and thus, you may be seeds cultivated in the Promised Earth. As your Mother, I am here to guide you in faith.

I thank you for answering to My call!

Who prepares you internally for the New Humanity,

Your Mother Mary, Rose of Peace
