DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE CITY OF GUAYANA, PUERTO ORDAZ, TO THE CITY OF SANTA ELENA DE UAIRÉN, VENEZUELA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN??

My Heart, which is more brilliant than a sun, descends to illuminate your lives and to bring the Mercy of God that humanity needs so much. It is through the radiant sun of My Heart that My stars are able to be represented by all My children of the world, the ones who, day and night, seek the union with the Creator.

I am able to grant you the Grace that your lives be blessed and that they witness the redemption in Christ. It is for this reason, My dear children, that Your Mother works tirelessly so that all the hearts may be able to express love for Christ and gratitude for their conversion.

Dear children, My Heart opens to you a door to the cosmos, so that all of you may cross it with absolute confidence by means of the flow of elevation that prayer gives you. It is in that way, dear children, that the souls are united to their true spirit and that each being can express the important mission that they have come to accomplish in this last time.

Dear children, I will stay with all of you all the time that you allow Me to. I wish that with confidence you keep on walking under the spirit of total consecration.

I give you My Peace.

I thank you for answering My call!

Who blesses you always,

Your Mother Mary, Rose of Peace
