DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE EAGLE OF LIGHT BUS, DURING THE TRIP FROM THE MARIAN CENTER OF AURORA, TO THE CITY OF MONTEVIDEO, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

No longer deceive yourself with the fear or with the lack of inner strength for being as you are in spirit, because your heart only suffers as long as the energies of the world keep establishing their reign in your life. You suffer because you do not express what you are, and you miss the opportunity of being full in the truth, only for giving in to the mental forces of this decaying world.

Do you see how little wise are you that choose to suffer instead of being full in God?

Have you ever thought about of what moves you to internally consecrate your life and not to express such consecration in your actions, thoughts and feelings?

You say that you fear to lose joy, life and lightness, but such attributes are of the soul, that soul of yours that can never manifest itself, because you constantly oppress it to live your own will and keep experiencing the energies of this world.

A time of total and absolute renovation has arrived; because of this, My son, I will no longer speak to you as a father talks to a child. You are already a potential instrument of God, called friend and companion of Christ in the whole universe.

Seek, then, in your days, to deepen yourself in the life of the spirit and free yourself from ignorance. Let your consciousness find new horizons inside yourself and, thus, unveil the mysteries that you do not know about yourself.

Get to know yourself, recognize yourself as child of God and act in the world as such. Recognize yourself as a part of this thread of light that follows up the Christic life on Earth, and do not allow this divine principle to be erased from the human heart.

Abandon, dear son, ignorance, arrogances and stinginess. If you surrender yourselves to Christ, give your all without fear. Do not keep holding what pleases you in yourself because the Lord asks you everything.

While the world suffers and fades away for not knowing the Light, the Heavens open themselves before you and a Messenger of God smiles and offers you to get lost from yourself, so that you can be full in the Creator. Will you take this Divine Hand or will you remain a prisoner in your own tastes?

Humanity awaits your true answer, more than your ephemeral reflection.

This one who impels you to transformation,

The Most Chaste Saint Joseph
