DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

Today, once more, in My spiritual visit to Medjugorje I ask that you recognize the presence of My Peace in your hearts. My Love wants to convert your souls into a garden of roses and into an inexhaustible fountain of peace.

My children, by accepting this call from My Maternal Heart, pain will no longer exist in you so that in this way the Love of the Redeemer may be born again.

Dear children, I want your consciousnesses to not complain anymore about the difficulties and the tests of life. I invite you to remain in My Maternal arms so that you may walk in sacrifice.

My little ones, the world is carrying so much pain. For this reason you must be true emanations of My Peace upon the face of the Earth.

Dear children, in order to correct the past, the tests and the pains, you must surrender your lives into the Hands of the Creator. In this way, in the name of all those who do not pray, do not adore and do not love God, you will be making an important surrender of your hearts to the Most High.

Walk in this time under the Bravery and Love of Christ because your missionary hearts must now give everything for humanity.

Smile to the life that God has given you with so much love; be thankful from the heart and serve, in peace, those in most need through prayer and the service of the heart. In this way the towers of peace will rise from the Light of your hearts.

I thank you for living My call!

Mary, Mother of the Divine Conception of the Trinity
