**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

I know that the forces that emerge from your interior, in purification and transformation, sometimes are so strong that blind your eyes for love and for forgiveness.

I know that after eons of existence feeding prides and vanities, power and property, it is very difficult for the consciousness in evolution to say "yes" for a learning of humility, when it precipitates in your lives.

Many are those who say they want to be humble as the Lord in His manger in Bethlehem, but - before the tests that God sends them - they react and not only do not accept them with humility, but also feel deeply offended and seek a way to attack those who have unconsciously served as instruments for God to test them such as they always ask for.

Understand, dear companions in Christ, that the Lord cannot allow everything to be given to you without bringing to your lives the tests that consolidate the Christic purpose in your interior.

After receiving so many impulses from Heaven, when you are disregarded, humiliated, calumniated or mistreated - according to the understanding of each one -, simply receive the opportunity as a celestial gift and, without fear, let the structures of pride fall to the ground, at your feet.

I know that many realize that they have not passed the tests that God has sent them and that the resistant structures of pride were greater than their aspiration to humility, but it does not matter because we do not ask you for perfection, but for persistence. Now, get up from the abyss of ignorance and recognize your own learning; place yourselves before the Father, available to new lessons and move forward.

I want you to understand something at once and forever: humanity needs your examples of humility, which are codes that are becoming extinct from the human consciousness, because the reactions and protests are already well known by all.

When someone put you before a situation of humiliation, accept it with humility, because - no matter who is right or if this situation is fair or unfair - the Lord expects His soldiers to bend their heads and win the battle, overthrowing pride and living humility.

Remember what I told you today and be attentive to the situations of life, because if you say "yes" for a Christic path, you cannot expect anything else but to imitate the One who was humiliated, rejected and placed on a cross, to make you learn to forgive humanity and to open the flow of His Infinite Mercy to the world.

I bless you and I expect you to be willing to restart without fear to make mistakes, because only with the experience of the mistake and recognizing your own faults you will be able to help and warn others.

I love you and I accompany you always, day by day, step by step.

The Most Chaste Saint Joseph
