DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA TO THE VISIONARY SISTER LUCÍA DE JESÚS??

In times of battle for the mind, for the body and for the spirit, keep your heart in peace.

Hold onto the purpose of these times and not so much to the tribulations that disturb your being, in and outside of yourself.

If you cannot pray, then simply unite your heart to God and ask for His assistance. As a soldier of His army of love, the Lord will never deny due help to you.

However, little by little, talk to your bodies, with the life which inhabits your consciousness and which expresses itself in different ways, because times have changed and the density of the planetary atmosphere itself will seek from you the spirit of the permanent transcendence.

Just do not surrender. Be a little braver and more determined to overcome yourself and the energies that are around your consciousness, because inside of you and outside of you there will be resistances not to allow you to be a triumph of Christ in the world.

Do not allow your consciousness to be an instrument of disunion. Always cherish the unity, yours with God and with your brothers and sisters and of all with the purpose of the Creator.

You will have to learn to find within yourselves pure airs to breath and nourish your soul and your spirit, because there will be days in which you will find no breath in what surrounds you. Therefore, construct today a path of union with your inner world. There are found the codes left by God on the many occasions in which He came to you. There you will find peace.

For the inner deepening of all beings,

The Most Chaste Saint Joseph
