SPECIAL DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN???

Dear children: Happy Nativity of the Lord!

Last night our meeting of prayer and all the meetings that celebrated the Nativity of Jesus in the whole world, had their repercussions on the internal planes, and this was possible through the help of the angels of the universe.

The most impure spirits of the Earth were captured and the celestial troops of the Archangel Michael helped in the liberation of humanity from these energies, keeping them away from the human consciousness. Once again, My Immaculate Heart triumphed after the plans of the adversary were disarmed. Therefore, dear children, some of you had to remain in prayer for a long time, during the night, while the angelical armies of Michael culminated with the celestial operation of the expulsion of the festive demons, those who feed themselves with the disbelief and the revelry on these dates.

I would like you to understand these situations so that you see, dear children, how important is the school of prayer that you are summoned to live everyday. Thus, today we also offer the prayers to Our Father Adonai, so that they serve as healing and restoration to the souls that saw themselves affected by the unconsciousness of these times.

Dear children, the Nativity of Jesus was an unprecedented cosmic event, because God Himself became humbler in order to be able to incarnate among humankind and attract the new covenant between Earth and Heaven, between the souls and God.

The Nativity was a spiritually planetary event that brought the Grace that the beings could find the path of redemption and mercy. This was a great mission supported by the archangels and angels of the celestial universe.

That is why, children of Mine, that under the spirit of the mission of redemption and rehabilitation of humanity, Your Heavenly Mother is inviting you all to support the next and important mission to the Middle East, a place where the missionaries of peace will insert themselves in a region of constant conflict and danger.

For this, I have entrusted to My daughter Teresa of Calcutta, from her spirit of service, charity and peace, to accompany each one of the missionaries on the internal planes by means of her pleas. Mother Teresa of Calcutta was a consciousness who ventured herself to bring peace to those places of conflict where only fear and disunity existed.

Dear children, I ask all the praying groups and all the consciousnesses who feel like collaborating and contributing with their help, to do it for this mission in the Middle East to be accomplished. This mission will try, beyond the so necessary service and humanitarian aid, to rescue from the internal planes of this region the codes of love through the impulse of Sacred Centers such as Lis-Fatima, Aurora, Mirna Jad and Anu Tea. All this mission will be protected by Your Heavenly

Mother.

Today I deliver to you a new exercise of prayer for it to be done from the next 26th December on until the mission in the Middle East is ended, an exercise of prayer which, by means of the praying groups, will help to support the divine protection, the service and the spiritual task that My missionaries of peace will perform in the Middle East by means of the holy intercession of Mother Teresa of Calcutta.
