**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS???**

Dear companions in Christ,

I would like to talk to you about the greatness of Creation and the celestial mysteries. I would like to reveal to you the love that fulfills the stars and animates the universes, so that you see yourselves strengthened and guarded by a higher purpose, so that you fulfill your own missions in the end of cycle on Earth.

With My words, each day I expect that your consciousnesses reach a level of understanding which transcends the limits of the human mind. I try to make you understand the magnitude of the Plan of God and how this Plan cannot start and finish in the existence of this world.

I know that many need the simple words so that they can understand and engage themselves in the task of rescue of the Divine Messengers. Many prefer not to believe Our words and in Our presences when we reveal to you something you do not understand and that do not adjust itself to what you already know. However, I ask you not to try to reduce the greatness of God to the understanding of the human mind. Do not try to compare the Love of the One and Only with your own ability of loving. And do not expect that the Creation of God restrict itself to the existence of this small planet, when so vast is the universe.

What for would exist so many stars and galaxies if not for the different expressions of the Love of God in His creatures to inhabit in them? Or do you think by any chance that the stars exist so that they can be contemplated by the humankind in the sky of Earth?

While a great change precipitates itself in the world, the Divine Messengers will try to elevate the understanding and the knowledge of humanity. They will try to open the eyes of the human heart to the truths that cannot be seen with the material eyes.

This will so because only the certainty of a superior purpose and of a superior life, which supports you, will give you strength to live the times that will come. Without a higher understanding about the Plans of God, your lives will become meaningless, such as life has become meaningless to many youngsters and adults who did not find a reason to be in this world.

If you are strengthened by the hope of a spiritual and divine goal, you will be able to persevere and keep yourselves firm to overcome the obstacle with love, forgiveness and braveness. And, when it is time, you will be able to reconstruct the world with the proper courage and with the principles of the spirit.

You will know that you are never alone and you will be able to count on the help of Brothers of yours who observe the world and wait, with holy hope, for the Earth to live its learning.

In love and peace, preparing your hearts,

The Most Chaste Saint Joseph
