DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Feel the silence radiated by your brothers and sisters of the indigenous consciousness and discover the mystery of sublime worlds.

Understand that it is the spirit of peace that lives in the original peoples which has allowed them, throughout the history of the Earth, to cross dimensions and come to know the life of the spirit, making them guardians of this reality.

But do not only contemplate with joy what they emanate, do not only admire what you see and feel; aspire to learn from them, aspire to be a guardian of the archetype that they bring to the world.

Do not wish to take your customs to a people who you must only learn from. Just as they keep silence and observe you, do the same.

Commune with silent fraternity and with the silent love of the original peoples. Allow that your service be a door to mutual learning, in brotherhood.

Place this into your intentions while you serve and you will obtain a rich learning from this experience which will contribute, not only to your own transformation, but also to the development of all of humanity.

Your Father and Companion in service and in prayer,

The Most Chaste Saint Joseph
