DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS??

Open yourself to the greatest service that lies hidden in the acts of charity you aspire to live daily. Open yourself, child, for the experience of the absolute, profound and unconditional love, a love that does not have preferences, a love that does not direct itself to a specific goal because it simply lives and expresses itself in the heart.

Love both the poor and the rich. Understand the miseries of others as if they were your own and, from your understanding, find the way to help in the transformation of the planetary consciousness.

See the facts from a spiritually more mature point of view. Face the difficult situations that present themselves with the neutrality they need, so that you find thus, a way out of the abysses of Earth, as well as of your own inner world.

Learn not to be emotionally involved with the difficulties because - if you do so - you will open a gap in your consciousness so that the emotional confusion of the planetary unconsciousness blinds your heart and does not allow you to attract the wisdom that God needs you to live in this time, as well as in the times that will come.

With the minor difficulties, learn to build the strength that will face the true test of life on Earth - which is not yet this one you are currently living.

You are being forged, with your own purification, to support one day the purification of the planet and assist those who will barely be able to keep themselves in mental, emotional and spiritual balance.

Before the tests, recognize the difficulties; recognize your own need of transformation. Be in silence, pray, meditate and seek, in your own spirit, the connection with God, so that He, who created you, can conduct you to the perfect principle that He has for you, and from which you have deviated so long ago.

If, as a part of the human creation, you dispose yourself to straighten your paths out and bring your life back to the right direction, towards the manifestation of the Purpose of God for you, little by little, you will help the human consciousness as a whole to find the Truth.

When a child finds some difficulty, they cry, beat their feet and, sometimes, lie on the floor, without knowing what to do. But an adult reflects, seek to discern until they find a better solution and, if they cannot solve it by themselves, they look for the assistance of those who have more experience than they have. That is how God calls you to mature your consciousness, so that you can be before the current probation of humanity as an adult, a soldier, a disciple, an apostle of Christ, and not as a child.

You will not be released from the difficulties and, sooner or later, you will live your own purification: you will face those aspects of your being that need to define themselves, so that your consciousness, as a whole, be directed to the place that corresponds to you, according to your

elections. This same process will live the planet in a future time: each consciousness that inhabits it represents one of its aspects which will have to live its own definition, so that, from this answer the planetary consciousness be directed in the way it needs.

As you must be purified by superior flows that revolutionize your inner world, the planet will also be purified by natural and cosmic forces which will lead it to its own transformation.

Both in your personal and in the planetary processes, you must be neutral and determinately and courageously walk to the Divine Purpose that you already know. Keep yourself in the Law of Love and do not resist. Seek to see in everything the need of the fulfillment of a Higher Purpose, and you will immediately find, within you, the fortress you need.

Only those who renounce their own strength become strong. Only those who let themselves be entirely broken are renovated in Christ.

The Most High God has decided to restart the planetary life, but - before that - you must spiritually and internally restart, so that you make part of the spiritual reconstruction of Earth.

The one who guides you in this and all times,

The Most Chaste Saint Joseph
