**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

While humanity is still looking for satisfaction in life, My Maternal Heart calls all souls to the new and last flock of Christ.

As mediator before the souls that have found the spiritual path towards God, I want them to be able to help other souls that quickly deviate from the path of faith and from the Love of God.

Therefore, My children, I ask all praying beings today not to waste time and to pray with much aspiration towards the Heights, waiting for the Infinite Mercy of My Son.

I expect from My soldiers the awakening of their consciousnesses and that they offer themselves to collaborate so that the greater part of humanity be able to live some more time of peace. And as time goes by fast, I ask that you pray with the heart, attentively, so that something may be able to change in humanity.

Dear children, pray, pray, pray and pray! Pray with the voice of your hearts so that the Pity and Compassion of God may touch the hearts that have separated themselves from the Law of the Lord.

Remembering the teachings of the Commandments of Moses, today I ask you that you have them present in your lives as the first basic rules for a good child of God.

Dear children, throughout time humanity has been called to change from the heart; therefore may you open your eyes and see the Merciful Light that My Immaculate Heart is radiating to all.

I remind you of the importance of living in fidelity to My Son so that your hearts may be guided and may be protected in these final times.

I thank you for responding to the voice of My call in these times!

Mary, Mother of the Divine Conception of the Trinity
