**DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES,  
TRANSMITTED IN THE CITY OF SAN ESTEBAN, CÓRDOBA, ARGENTINA, TO THE  
VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN???????**

Dear children,

An attempt is being made to decimate the Christic principle of the Sacred Family through the wars in the Middle East. It is because of this that Your Lord Jesus has decided to send some of you in mission so that on behalf of all, they said "yes" to the Universe for the recovery of dignity and faith of the families of the Middle East.

While the humanitarian mission goes on according to the celestial principles, Your Heavenly Mother is already working on the recovery of the essences of the smallest ones, thus it is established again in each child of Mine the meaning of living and of belonging to the redeeming project of this humanity.

Dear children, all of your daily prayers, those that support this humanitarian mission, as well the mission in Chaco, will allow that the celestial doors be correctly open so that the missionaries, under the divine circle of My protection, may cross each one of them and thus pour the Grace that the world is lacking.

Dear children, the Father observes the dedication of each one of the missionaries, therefore Your Holy Mother is guiding the steps of Her missionary children so that they do not lose sight of the places where there will always be the greatest need. It is thus, dear children, that the whole celestial universe accompanies this moment in both missions because the servers must learn with this entire experience how much the souls have moved away from God through suffering, indignation or deep poverty of the original peoples.

Argentina may be destined as a future consecrated nation to My Immaculate Heart by means of the humanitarian missions, this would change the destiny of millions of souls. It is as in the case of Turkey, which, by opening the doors to the refugees, has become a rescuable nation at these times.

Peace is the premise for these times, therefore the time has come for all of the missionaries to radiate this eternal principle of peace to the world.

I thank you for responding to My call!

Who unites you in the Love of God,

Your Mother Mary, Rose of Peace and Mother of the Refugees
