DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS????????

Share the weight of the Cross of Christ, helping Him to transmute human imperfections.

Share the weight of the Cross of Christ, loving His sacrifice, and offering your own transformation in the name of His sufferings.

Share the weight of the Cross of Christ, letting Him place upon you your own cross, this one that represents the part that you are supposed to live as a server of the Plan of God to transcend the time of this world, in the real time of the universe.

Share the weight of the Cross of Christ, consecrating your life to God, in the name of the One who surrendered life for you and for your brothers and sisters.

Share the weight of the Cross of Christ in silence and meekness, without complaints and in humility.

Share the weight of the Cross of Christ for Him to also share with you the merits of His Passion. Thus you will not only live the pain but also the love that conquers death on the cross.

Share the weight of the Cross of Christ and discover, in the sacrifice of the Universal King, that the true meaning for your life is to imitate Him.

Your Father and Companion,

The Most Chaste Saint Joseph
