SPECIAL DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN????

Today when we were finishing the Mystery of the Rosary, we once again saw Our Lady silently helping in Turkey, on the path of the exodus of the refugees of the Middle East. She was dressed as an Arabian mother, with a light pink colored tunic that fell to Her feet; She was wrapped in a long white garment which covered Her entire head in a veil-like way, and She was barefoot.

The Divine Mother was walking along the route from the border between Syria and Turkey towards the countries of Eastern Europe, in the exodus among the refugees. And we asked ourselves: Why does the Mother of God walk silently among the multitude of refugees who are in exile?

Then we saw Mother Mary with a small child in Her arms, and suddenly more children could be seen in Her arms; She was carrying them all, and with the multitudes, She was crossing a large desert between Syria and Turkey to help the souls of all those brothers and sisters. She showed us that the souls were going through a process of great despair, of fear and uncertainty, and thus, Mary would place the head of each one of them close to Her Heart so that they would feel peace.

When the Divine Mother appeared to us with the same garments as we reported at the beginning, She named Herself as the Mother of the Refugees and transmitted the following message:

Your Mother walks through the desert, crossing all of Turkey from one side to the other, towards the countries of Eastern Europe, in search of inner asylum in the hearts that will open to recognize the Master within the refugees.

Just as it was in Bethlehem, dear children, the Sacred Family, which is this project of humanity, is fleeing the war that has been triggered upon the innocent.

My children, so far you do not know what it means to not have a home or a place to rest. As the Mother who brought salvation to the world, I have patiently suffered what is called exile, not only in Bethlehem, while we were looking for a place where the King could be born, but also while we searched for refuge somewhere in Egypt.

Dear children, today I want to bring to your consciousness this passage of the Sacred Family because humanity these days is more and more driven into exile and despair.

Your Mother, the Mother of all refugees, walks beside them, crossing half of the entire continent, searching for a place where we can be received. The Celestial Universe knows that humanity is not conscious of what this means to Creation.

Brothers and sisters have confronted each other in the name of struggle and conquest for a kingdom that does not exist, but only within the illusion of some minds. This cause of the refugees is leading to the action of the Law of Divine Justice, because in the majority there is indifference concerning

all this that is taking place.

Dear children, this is why We have requested this next mission to the Middle East; because it will expose you all to a truth that cannot continue to be kept hidden. The feelings of being abandoned, exiled and without anything of your own, without knowing what will happen to the lives of millions of families, is something that still does not move the human heart, and this triggers the beginnings of a new world war. If this happens, humanity will completely self-destruct, and as happened with the atomic bomb, no trace of any life would then remain upon the surface of the planet.

Humanity uses its own power to carry out its works and distances itself more and more from God. This catches the attention of the entire universe because there is no consciousness of what is really happening.

As the Mother of the poor and of the abandoned, I have decided to be amongst My most needy children in order to take care of their souls and to mercifully help them find a way out.

I am in perpetual prayer, as are the Sacred Hearts of Jesus and Saint Joseph, in order to prevent a severe punishment throughout the world. I need your hearts to become sensitive, that your spirits rise up out of yourselves to attend to the true planetary need, and the urgency of gathering inner strength to accomplish the Plan, which is being forced not to be accomplished.

At least support these brothers and sisters who decide to offer themselves so that the Plan also be accomplished in the Middle East.

Dear children, the greatest crisis of humanity lives within indifference; that is why I come to alert you all that you are in time to abandon your pride and personal power so that the world not be lost in a dark abyss.

I lovingly give you the keys for the redemption of this race and place My trust in all servers, hoping that they do not take Our words in vain.

Children, It is time to awaken! The times of the Apocalypse are here.

I thank you for responding to My call!

Who makes you aware through the Only Truth,

You Mother Mary, Rose of Peace and Mother of the Refugees
