**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

If you try to live in the essence of My Peace you will find the Kingdom of God upon the Earth, and the conflicts among the hearts will be dissolved, conflicts that are born from the consciousness itself.

In this time, above all, be united as brothers and sisters through prayer and let yourselves be conducted by the power that it has when pronounced with love.

Dear children, withdrawn within My Heart on this day, seek the presence of My Son, practice the teachings of Jesus through daily prayer, service and fraternity.

It is no longer the moment for any heart, for any child of the Father, to stop fulfilling their daily task of prayer because, without realizing, you would be distancing yourselves from the purpose and you would begin to live under human principles, even those souls that have consecrated themselves.

Prayer is the salt of your lives, it is the seasoning that provides humility and wisdom in these times. My children, while you walk upon this world you will open a little door towards Heaven through the daily prayer in order to find peace and meekness.

Be merciful at all times even if your thoughts and feelings say something different.

Unite to the Heart of My Son so that all the sheep that have separated from Him may find the path again. You are part of the Plan of God, a Plan that is being accomplished with effort in this part of the Americas through the announcement of My Immaculate Face.

As the Mother of Relief, I give you My Blessing and I invite you to remember the path of humility for your hearts so that in this way upon this world there may be more peace and harmony.

I thank you!

Thank you for praying the Rosary every day!

Mary, Mother of the Divine Conception of the Trinity
