**DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE AMERICAS,
TRANSMITTED IN THE CITY OF PORTO ALEGRE, RS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS
DEL SAGRADO CORAZÓN**

My dear children of the whole world,

With the Americas in My Heart, this day I approach you to ask once again that you pray to My Immaculate Heart for peace in the Americas and in the world.

The fury of the unjust and the lies of those who are masked incite the nations of the Americas to revolution, and humanity from South America is still not ready for the great moment of its purification.

Through an urgent call for prayer, My dear children, Your Heavenly Mother calls you to awaken in these times of emergency, and in particular, to respond to everything that is being asked for by the Sacred Hearts.

The times have changed again, therefore, My children of the world, not only do I call upon you to live a true and fervent prayer, but I also call you to service in the face of the latest catastrophes in the world.

Dear children, if I had stopped coming to visit you daily, humanity would have self-destructed in a few months and the social obsession would have submerged Europe and the world. Therefore, today, from Fatima, Heart of the Kingdom of Lis, world Shrine of prayer, My Immaculate Heart loudly proclaims the call to awaken.

I would not want the ignorance of the majority to make you give up the path that My Son invites you to live, a path of praying for humanity.

The planet and all of its inhabitants chose this final cycle to learn through purification. My pulsating Heart has not tired of asking you for prayer, fasting, and Communion as sources of reparation and mercy for the world. But humanity is still deaf and blind, prefers to live the transition, and rejects the Love of My Heart; thus today Your Mother cries, looking down at the ground, asking the Celestial Father for Mercy and Compassion.

My children, humanity incites the Justice of God and does not know what it is doing; many faithful of the Church have lost their devotion to My Heart because they are imprisoned by the temptations of the world.

To those who pray with Me, every day in perseverance and sacrifice, I ask you to implore for your humanity, for the Americas and the world before a possible social war that is also about power is established amongst the nations. If that were to happen, the poison of the impious and the atheists would spread throughout the planet, and shortly thereafter a great spiritual sickness would cause three-quarters of humanity to disappear because of atheism.

To prevent the setting aside of Our Lady of Aparecida in Brazil, I come to implore for more prayer before the armies of the Earth take the nations of the Americas; may your surrender to prayer be greater. For this, dear children, I wish My Immaculate Heart to triumph in the Americas through the fidelity of the faithful followers of Christ.

Attention! My children, the third secret of Fatima could still be fulfilled, and humanity has already forgotten it. For that reason and for the salvation of all those in the Americas who have already condemned themselves to the eternal fire of hell, I come to ask for the praying of the Holy Rosary for Peace in the Americas and in the world. The third secret could be mirrored in the Americas and the devotees should prepare for that.

I come to dissolve all evil with the Light of God. Consecrate yourselves soon to My Heart so that Your Heavenly Mother can intercede for a humanity filled with injustice.

Thus, dear children, in May and June I have dedicated the spiritual space for a pilgrimage through continents that are in need of the descent of the Light of God. Your collaboration must be immediate and without delay so that I can triumph before My adversary; I will appreciate your adhesion and promptness.

I thank you for responding to My call!

In continuous prayer,

Your Mother Mary, Rose of Peace and Mother of the Americas
