**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Today I want to see in all of My children the infinite joy of serving God with the heart and to aspire to live in the Celestial Kingdom of Eternity.

For this reason, dear children, today I invite you to work in the name of peace and in the name of the merciful hope that My Son wants to awaken in your hearts. By means of the sincere prayer of the heart, your dwellings will prepare themselves to receive the advent of the Holy Spirit upon the Earth.

Therefore, My children, the daily prayer is important in these times, as humanity must reconcile itself with God through the profound praying dialogue that is born from the heart.

Dear children, today I also ask you to remember each one of the passages that Jesus had on this Earth and each one of the simple teachings that He left for you so that all may be able to live the conversion of the heart.

Opening My merciful arms I radiate My Graces to all so that My little children may walk in the honesty and in the truth of the heart.

Dear children, therefore, be truthful and do not waste time so that thus you are able to transform your hearts, because Christ Jesus will be approaching your lives to show you the Will of the Lord.

My children, today I call you to open the doors of your hearts and to remain in the Infinite Light of the Creator.

I thank you for responding to My call!

Mary, Mother of the Divine Conception of the Trinity
