**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE SACRED HOUSE OF MARY, MOTHER PAULISTA, CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

During the service that is taking place in Africa, Uganda is the nation that is most in need of prayer, of adoration, and of conversion. For this reason, during these days in which My missionary of peace children are working in the heart of Africa, I ask to all of the groups of prayer to dedicate a moment of meditation for peace in Africa and mainly for souls that are forgotten.

By means of this offer of yours, My children, your Mother of Kibeho will be able to receive the permission to give spiritual help to a certain number of souls that in this life pay the price for errors made during whole years.

Your Universal Morning Star, your Most Holy Mother, has traveled through the regions of Kampala and the surrounding towns to pour Her Graces over the hearts that, for a long time, have been crying out for redemption and liberation.

You, My children of America and of the world, know that Uganda is condemned all the time for the disease and for all that the actions produced by men who claim to be wiser than God. These ungrateful actions paralyze the spiritual evolution of the whole of humanity. Adherence to modernities, to pleasures, and uncontrolled indulgences causes the loss and disappearance of the path of spirituality. And they are few, beloved children, who really work day and night, and even struggle with themselves, in order to remain within the Law of God and His Universe of Love.

Dear ones, these are the times of the Apocalypse; for this reason, pray with Me, live prayer as part of the path of salvation and redemption, and do not deceive yourselves any longer. God hopes that, through your little sacrifices and daily prayers, the world may reach the Grace of final liberation.

For this, missionaries of Mine, you must travel to remote and forgotten places as is Africa, in order to awaken in your own peoples a minimum of interest in helping others and to look for a moment at what is happening around them.

My children, Uganda is the nation most marked by the degeneration of the life of souls. Rwanda is the nation marked by pride and conquest, and the Congo has been the nation that has never found peace; and all of you, as humanity, are part of this painful reality. You will no longer be able to say that this is only experienced by other brothers and sisters, you will no longer be able to be blind to a reality that is spilling over.

My children, humanity of Mine, awaken! before the beast comes out of its abyss to wipe out the last stars. I am calling out to your consciousness because the times are urgent.

I thank you for responding to My call!

Who summons you to love through service,

Your Mother Mary, Rose of Peace
