**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

I hope that throughout this last year of Daily Messages you have accepted to live in the Grace of God. It is a merciful revelation that My Maternal Words have accompanied each one of you for all this time that passed, during which your hearts have had to grow and mature before the reality of the end of this time.

My children, this is why today I call you to deepen in your hearts the gratitude towards God, gratitude because through My Son and His loving intercession God has allowed Me to daily come to your encounter through the messages.

Dear children, you know that the world is suffering very much and that each new day innumerable souls are lost, condemning themselves to the path of purgatory.

Therefore I call you to live the prayer of the heart, because your prayer will be the only hope for the salvation of many hearts, above all, of those children who in the ignorance of their lives offend God.

Lovingly I ask you to pray under the Light of God and to commend to Him all souls possible, through the power of prayer. Those that still do not pray, do not do so because they lack Maternal Love and need to quench the thirst that their souls have felt for so long.

Dear children, this is a defining time, a time of changes. This is why I invite you to be conscious of your task of prayer so that more Light from the Universe of God may be able to help and save condemned souls.

My children, hold in your hands the prayer of the Rosary and may each new prayer that you realize be an offering and a supplication to the Mercy of Jesus.

In My Son is the path. In My Son your redemption and your forgiveness are to be found.

Be awake to prayer!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
