DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???

Live in My Charity disposing your hearts to serve the neighbor.

Live in My Charity, the one that makes you give all of yourself and not only a bit; the one that gives even when you do not have, and allows in this way, that God makes the Law of Manifestation descend in favor of human balance.

Live in My Charity and you will be protected, because the one who is always willing to serve no matter the time, the day, without conditions, will always be sheltered by the Creator.

Live in My Charity in the small and in the great works. Help the neighbor that is by your side, but also leave the comfort to serve the ones who are distant.

Receive with love the ones who come towards you and open the doors of your hearts, just as God opens the Doors of Heaven for you.

Be instruments of the planetary redemption through the union with My divine Charity.

Your Father and Companion, in service and in prayer,

The Most Chaste Saint Joseph
