DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MADRID, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

With joy My maternal and pilgrim Heart returns to Europe to gather in the name of love and peace all My children from the Northern hemisphere.

In this way, in this time what I once told you is fulfilled: "I will send the visionaries on a mission to each continent." This shows, dear children, that times have changed and that the needs of the planet and of humanity are urgent.

I count on each praying being of this world to help Me to fulfill the plans of peace that are altered by the arts of My enemy. Anyway, beloved children, Your Heavenly Mother strengthens the life of those who consecrated themselves to the Plan, and this fortress, that is forged by sacrifice and love, makes it possible for the plan to be fulfilled by means of all those who respond to Me.

Dear children, in this way I am preparing you for what will come, the time that is approaching is unknown to all, and only prayer and unrestrictive service to God will allow that nothing gets lost within you, but rather that the Attributes of My Son flourish, the gifts that God hopes to see available for the service of humanity.

I thank you for responding to My call!

Who unifies you,

Your Mother Mary, Rose of Peace
