MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

From the invisible levels of the Earth emerges all darkness that has been hidden. The souls that have been in pain and suffering for many centuries raise their arms asking for the light and forgiveness of God. Evil no longer hides its actions because Good is also expanding and announcing its triumph.

It is a great battle between the duality of this world, because the time of definition has come for the entire human race; it is time to live the absolute unity with God or be taken to primary scales of evolution, to start over.

In many parts of the world, the Sun seems to be hidden by the clouds of pain and suffering.

In the East, what was once a sea of graces, has become a sea of terror and despair through the indifference of humankind. But that does not mean, My children, that My Heart will not triumph.

In the heart of the Americas, the light begins to expand and the Sun of a new time arises, as the Aurora of dawn. The fire that emanates its cosmic light comes from the love of awakened hearts.

Human beings are discovering their likeness to God through prayer, and the truth descends on Earth with the same power of Mercy emanated a long time ago by My Son on His Cross.

To all who hear Me, I will say not to fear but to feel in your lives the triumph of My Heart. My mantle expands beyond the continents and I grow the seed of new life that I have planted in the Americas in the hearts of all those who, anywhere in the world, accept to respond to My call.

There will be no tribulation to knock down My soldiers, because they will be sustained by the strength of My maternal and infinite Love. Not even the greatest of beasts that rises against My little ones will make them falter, because the truth impressed in their pure hearts will bring them the certainty that reality dwells only in the light and consciousness of God, and all that is outside of Him is part of an ancient illusion, which ties consciousnesses to the damnations this world.

Children, even though the darkness that emerges in and outside of you, and in many parts of the world, seems to be infinite, do not fear and remember My words when I tell you that the potential of the Sun of God in your hearts will defeat any night and any darkness. The darkest night announces the clarity of a day of renewal and Graces.

For a thousand years of peace to happen, there must be in each heart and each consciousness the choice to live love and unity with God.

Once the seed of love is planted in the consciousness of all those who have made a commitment with My Son, it will be enough for the triumph of the Creator because Christification will only fully flourish in an entire race, when light prevails on Earth and - consecrated with another name - enters the new time, the real time.

Little by little the veils fall from the eyes of My children and everything that has been kept in holy books as tales and illusions will take their place in truth, and will depose the reign of indifference and numbness.

Beloved children, despite the terror that you see in many parts of the world, I want your hearts to never lose the certainty of the triumph of My Heart, because just as purification has begun suddenly and unexpectedly for many, the light will also emerge suddenly and be consolidated in the consciousness, without you realizing it.

Pray with the heart and when you least expect it, My Son - who reigns in the universes -will reign in each particle of your being and will begin to build, within each one of you, the New Jerusalem, the race of the redeemed by Christ.

I love you and leave you My Peace,

Your Mother Mary, Rose of Peace
