MESSAGE FOR THE APPARITION IN CAMBORIÚ, BRASIL, TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS

Dear children of Camboriú and of Florianópolis.

Under the Grace and the Power of God I gather you so that around My Celestial Light you may live the unity between your hearts.

The Grace of My coming and of My descent upon both cities has spiritual motives and merits of salvation for many of My children of Brazil, those who without perceiving it have been far away from the Love of God.

Most dear children of Camboriú and of Florianópolis, today I call you to enter into My Maternal Heart so that you may find the Grace of the Wisdom of the Holy Spirit in this time. The always Blessed Virgin Mary and your Mother loves you, supports you and adores you deeply as essences of God. For this reason a step more that your hearts take towards the Unity and the Light of the Father will mean that many souls with irreparable faults will receive the Grace of the Divine Mercy.

Dear children, today I am teaching you and instructing you about the importance of unifying your intentions, your prayers and your tasks as a single and solid consecrated group to My Immaculate Heart. If you do just this your sincere attitude of love will allow that new and needy souls may participate in the extraordinary time of Mercy, a time that My Maternal Heart is pouring by means of the Marian Apparitions.

My children there is a reason today for your souls to be consecrated around the Sacred Table of My Son because as humanity you are being called to live the Reconciliation and to be participants of the last supper, before the victorious return of My Son Jesus.

Dear children, in this meeting with Me during this day I invite you to feel in yourselves the presence of the Sacred Heart of My Son because it is very important that My Son live in you, so that the plans of My Peace may be accomplished. This visit that My Heart of Mother is realizing for the big and needy cities of the south of Brazil signify that we are accomplishing the Will of God and intervening for a very large number of souls before the end of the final cycle of this humanity.

The new stars of My Crown must be born through the shine that is manifested by each one of My children through daily prayer. May your constant union with My Son redeem you.

For this dear children as Mother I am extending My Arms to you so that with our hands together we can go in the direction of the encounter with the Redeemer and Savior, Christ Jesus.

My children, in this day I bless this merciful meeting with Me of each one of My little children. Be as children and come to My arms, I want that you feel in your hearts My Maternity and Love.

I thank all the groups of Camboriú and Florianópolis for having answered My call!

Blessings with Love and Redemption.

Mary, Mother of the Divine Conception of the Trinity.
