MESSAGE FOR THE SPECIAL APPARITION IN FLORIANÓPOLIS, BRASIL, TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS

Dear children,

Today I come to you for one more time so that I may pour My Favored Love in all of your hearts.

May the Lord bless you on this day that so your open hearts can recognize My words in all places, especially in your little essences.

My children, I want that on this day your lives remember to glorify the Lord because God awaits for your souls to be in union with His Powerful Will. When I tell you to unify yourselves to the Will of God I am also telling you to love the purpose that God manifested through the Heart of My Son and through My Immaculate Heart. So that all your intentions may correspond to the Will of God. So much prayer is necessary so that your lives may be conducted to the Path of Peace.

My children through the My Maternal Love that I have for each one of you, you may recognize that God loves you deeply. The Love of God is the Love that will allow you to have a dignified and ordered life, a life that professes the commandments of the Highest and that recognizes that in God is the single and absolute Truth.

If your hearts awake to devotion by means of prayer they may create in the world renovated and precious groups of prayer that unite themselves in syntony and harmony to answer to the will of the Creator. The groups of souls recognize themselves because there exists an infinite love in the task that God has entrusted you to realize through prayer.

In this time the formation of prayer groups must be done by love for My Immaculate Heart, a love that springs truly from you, a love that does not have restrictions, a love that donates itself and opens up itself to recognize in its neighbor the inner master.

For this My dearest children, that from this time your prayer groups may be as only one group in humanity that answers by service to the other creatures and that builds in this way the basis of fraternity in these so important times.

My children, that your hearts may irradiate love so that with humility to your neighbor the souls unify themselves under the Christic Will that manifests My Son, the Will that all of you be more merciful and sincere.

For this dear children, may your consciousnesses accept this renovating impulse that My Heart is dictating to you through the formation of the new flocks of Christ, of the praying soldiers consecrated to My Immaculate Heart, because for all of you the end must be that the Earth be the New Earth redeemed and consecrated to live the principles of God the Father which are Love, Unity and Wisdom.

I thank all the groups that have been responding to My call.

Mary, Mother of the Divine Conception of the Trinity.
