DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PORTO, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN?

Divine dialogue between the Most Holy Mary and the Angel of Portugal

Angel of Portugal: "Sweet Queen of the Stars, Spiritual Ruler of all souls, lost and not lost; consent, Celestial Majesty, to raise each one of Your children into the arms of the Celestial Father.

At least, Adorable and Holy Virgin, shine with Your Divine Love upon each essence so that it may at last find God, the Supreme Lord".

Most Holy Mary: "Welcoming Angel of Portugal, legionnaire and server of Archangel Saint Raphael, I send You and all of Your blessed armies, in honor of the Archangel Saint Michael to free all the consciousnesses that are chained by My adversary.

With Your Peace, Angel of Portugal, dissipate all illusion of the consciousness, and I ask, servant angel of God, that you pray for all My children, especially for those that believe they are living their spirituality and do not have God because of their great pride.

Angel of Peace, untiringly protect My beloved Portugal, and also have it inwardly know that all these peoples must still settle their errors committed against My indigenous peoples".

Angel of Portugal: "Yes, My Lady, Most Pious Mother Who consoles the afflicted, Who brings hope and renewal to those who are spiritually hungry.

Yes, Mother, this is My humble reply before Your precious request for mercy. Remember, Holy Celestial Mother, those who blaspheme the Heart of Your Beloved Son; implore, Holy Virgin, for each consciousness of this world, so that nobody lose the peace of the Lord".

Most Holy Mary: "Servant of My Father, who serves the Higher Universes, valued Angel of Portugal, I will respond to your holy petitions; I will ask My Beloved Son to placate the justice of God and that His Sacred Heart help to dissolve human indifference, the action that commits all the errors of the world.

O Holy Angel of Peace!, help the angels of all the nations, give impulse to each regent angel of each nation, so that it may show itself to the world. Holy Angel of Portugal, Consciousness that adores the Holy Body of My Son in the Eucharist, radiate the codes of light that spring from the untiring Heart of Christ and cause each soul to discover the sweetness of the Love of My Son.

Have it come to known through the perfect communion with His Body and His Blood, have it come to love first and in the life of each being, so that in this way, My children abandon the abyss of their great ignorance."

Angel of Portugal: "Beloved Mother and Queen of the Jubilation of Christ, we will make known the most pious majesty of Your Son, so that hearts may find Christ and never again separate from Him.

I will send the armies of the Archangel Saint Raphael, so that they may work on healing all souls, and especially the disregarding hearts, that still deny the power of Your Son.

Do not cry, Holy Star of Peace! From your tears springs the appeal for a merciful salvation for each one of Your children. Let me, Mother of the Sun, dry each tear from Your most pure countenance with My linens of light, to offer them to the Beloved Father as petals of the eternal flowers of Your Heart."

Most Holy Mary: "If souls knew, Beloved Angel of Peace, what My generous Heart feels, they would not fail to be in My arms, just as Jesus was.

I will not cease for one instant to stretch out My arms to the world and to offer My consoling hands, as healing and a remedy for any pain.

It gives Me pleasure, Holy Angel of Portugal, to hear from Your mouth the offering of Your Angelic Consciousness. Thus We will alleviate the Father, experiencing for all the pain of the world. In this way, wronged hearts will be able to find the path of hope."

Angel of Portugal: "You know, Pious Mother and Queen of Peace, that we are at Your eternal service, for Your name, which is holy, resounds in our hearts like a melody of love and of redemption.

We will hear Your call and will respond immediately; all the guardian angels of Your children will help You so that the men and women of Earth respond to the voice of Your supplications".

Most Holy Mary: "Then, Angel of Peace, emit this Gift of Grace from Your heart, so that Peace embrace not only Portugal, that it one day may redeem itself, but may the Peace of God, of the Most High, reach all who need it.

I shall invoke Your name, and You, Holy Angel, shall make known to the world the lack of its innocence. Take refuge in the prayer of all My children, and in this way, together with Your legions, You will redeem the Earth, preparing it for the return of Christ."

Angel of Portugal: Yes, Merciful Mother, we shall comply with Your most sweet petitions; may Your Holy and Immaculate Heart be the refuge for each angel. Together with You, Adorable Mother, we lift up all supplications so that this blind humanity may awaken from its deep sleep.

We thank You and praise You, Universal Mother.

Most Holy Mary: It is thus, Angel of Peace, that on this day I shall make known to the whole world our divine dialogue, so that souls may be moved and feel the truth and the cry of My blessed words. This is why today I reveal them to all My children".

I thank you for responding to My call!

In union with the Angel of Portugal,

Your Mother Mary, Rose of Peace
