DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Child,

When the universe gives you graces, distribute them to the world through merciful acts, prayers, silence, joy and the experiencing of virtues.

When Heaven opens Itself before your eyes, even if often the limitation of the human eyes cannot see It, contemplate with the inner gaze this unfathomable Grace of the Divine presence and cry out for the planet, for the ignorant, for those asleep. Offer the Father a true transformation, a true miracle for His Creation. That by contemplating the world His wounded Heart may find a relief in your permanent effort.

I will not ask you, My child, that you do not fall or do not sin anymore because this world will always lead you to fall and, even if you do not want it, a part of you always sins because in some form it collaborates with the human degradation.

What I will ask you today is that, if you fall, that you get up; if you sin, that you clean your stains with the Forgiveness and the Divine Mercy, with the true repentance, this one that will help you not always to make the same mistakes.

Your weaknesses are the same as many of your brothers and sisters of the world; therefore, find the strength to surpass them in the permanent offer to do it for others, for those who are blind of spirit.

Today, child, I will offer you a path of reparation, a path in which your life becomes a planetary service, in which all your acts, thoughts and feelings are offered to God to repair something. If you do it so, you will make fewer mistakes and you will meditate before acting, because your consciousness will remind you that everything you do is for God.

Offer to Father your daily attempt to overcome yourself and, if you are not able to do so, offer Him your intention and persistence. Never give up, child, because the merits are found in the heart and in the consciousness of those who have pure intentions.

Many times the sincere intention to overcome something and the eternal attempt of doing so is worth more than the act of the one who overcomes themselves easily every day. A sinner who tries to get out of sin is worth more than the saint who is so by nature.

Make of your life a permanent repair of the Wounds of God and may He find in you a true relief.

I leave you My Blessing and My Grace, for you to take fruitful steps.

Your Father and Companion,

The Most Chaste Saint Joseph
