DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS???

Children,

When I talk to you about universal life, many look around and see an abysmal distance that exists between what I say and what you live as humanity.

The approach to the universal life must be first in consciousness because I tell you that, for many, from one day to another the barriers of illusion will fall to the ground and Truth will become visible to the human eye. Those who always ignored it will fear and will think they are crazy; those who had a mere idea about it will fear and will not enter the portals that will open in front of their eyes; and those who know it and live it will wait for it and, anxious for finding it, will recognize it before their eyes and will cross without fear the portals that will lead them to a new life.

Believe that what I tell you, children, is not a tale or fantasy. Blessed are those who launch themselves with their hearts into the unveiling of the celestial mysteries and who, in humility, empty their own interior to become the vessels of the universal Truth.

Be attentive to the celestial guide and try with dedication and hope to live what we tell you.

Your Father and Friend,

The Most Chaste Saint Joseph
