**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Welcome to a new cycle of evolution, a cycle which will require spiritual maturity of everyone, that will allow you to live in harmony in the times to come.

This new cycle will be marked by inner tests, in which the consciousnesses will find themselves facing great responsibilities, with little inner experience to take them on. However, it will be the adherence to the Will of God that each one will present, and their efforts to fulfill this Will, that will make the grace and mercy that you need to fulfill your mission descend from the universe.

Children, when facing the challenges to come, always say 'yes', even if they seem impossible to be experienced and overcome. When you say 'yes', the Creator receives permission to operate true miracles in your consciousnesses and heal all that prevents you from taking the leap you need.

The challenges will make you grow and prepare you for the cycles that will come later and that will be major and definitive trials not only for you, but for all of humanity and for the whole universe.

Do not fear to launch yourselves into the unknown or to take the steps that will lead you along paths whose end you do not know. Do not fear losing everything and, above all, losing yourselves because, although painful, this is the goal of humanity. Remember that the emptiness of self leads you to the Truth, to the Archetype, to the Source.

Today I wish you a beginning of a cycle filled with God and with universal life. This new time will be marked by the awakening of humanity to this life.

All the sciences will be united spiritually in the universal science and all true religions will find the common meaning in the experience of love. Knowledge and religion will unite to unveil new worlds and universal principles, and they will discover that the greatest science, which is the experience of love, leads to new horizons, to new universes. Thus, you will not fear to know the Truth, and with knowledge filled with spirituality, and religion full of wisdom, you will cross the gates toward a new life.

Your Father and Friend,

The Most Chaste Saint Joseph
