DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE DISTRICT OF MIRAFLORES, LIMA, PERU, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

To all the youth gathered for the first time at the Youth Festival for Peace:

Praised be Christ, dear children!

After the last months of preparation and of having faced tests and challenges, finally, My request is fulfilled and a new phase in the planetary rescue will be accomplished through the integration of the youngest ones within My Campaign for Peace.

I would like, My children, to thank the unconditional support of Association Mary for having opened the doors to the youth and, mainly because some consecrated ones offered to fraternally collaborate in the awakening and in the maturation of the consciousness of the young founders of this spiritual impulse that is being born concretely today for everyone.

Many of the youth present today in Florianópolis, as well as the youths from different Light-Communities, will be able to create this bond of fraternity and service with the Higher Plan of the Celestial Father.

Thus, dear children, this first meeting is the redeemed seed of light that is just sprouting and showing all its potential.

On this day on which there must be joy, love among brothers and sisters and enthusiasm for complying, I invite you to give the best of yourselves and a little more, so that, willing to learn, you may come to know your inner virtues and discover that everything is possible by willing and serving.

This first Youth Festival for Peace has been considered by the Hierarchy as preparation and, at the same time, as a spiritual and material decoupling of all the human ties that My adversary creates among good souls.

This first impulse of the Festival in Florianópolis promises to be the incipient cycle in which new doors will open for the youth that wants to assume its mission for the end of times.

Therefore, you must sustain this first impulse of the Festival until the next six months come to an end, when in the month of January of 2017, the second Youth Festival for peace will bring twice as many people as there are present today.

I invite all the founding youth to work as the Spiritual Hierarchy does, in a cyclic and paused form, so that the true fruits may be able to emerge and mature through the task.

The next six months will be, among prayer, service and diffusion, the preparation for the second Youth Festival for Peace, which will have more social and public importance, as its spirit is, through music, art and the elevation of consciousness through service to the Kingdoms of Nature, to separate from vices all the youths who are submerged in them.

Be aware that, in the meeting of today, My Heart will be with each youth, hoping that the seeds of love and peace may sprout in each being that is present there.

I thank you for responding to My call!

United to each young heart,

Your Mother Mary, Rose of Peace
